

# Mixed Media on Canvas

## Workshop Description:

We will be working on two gessoed canvases, one large and at least 24 x 30 inches, or larger, and one smaller about 8 by 10 inches. The process will be to briefly cover basic design principles; collage and texture the canvas surfaces, and complete the works with acrylic paint and/or dry drawing media.

It is optional if you wish to add already existing drawings in with your collage, and if you wish to draw on your canvas (I will be doing both).

The techniques to be covered include printing, stencilling and stamping, glazing and dry brushing.

Tricia Reust
