- What to Bring:** See Material list
- Location:** Redcliffe Art Society, 395 Oxley Ave Redcliffe QLD 4020

Workshop information

This workshop will work with watercolour to create the flow and palette appropriate to the subjects – with consideration and understanding of the impact of shadows and creation of light to the work.

Wyn will share her technique which incorporates the use of inks – with a nib pen to highlight her subjects. She loves to explore the essence of her world – the colours, shapes and light that evolve around her with her work often allegorical and telling a story of life.
